VINIFICATION

Grapes are de-stemmed and softly crushed. Fermentation is done with pumping over at controlled temperature for 8 days. Once the fermentation is completed, we keep the skins in contact with the grapes for about 3-4 days with a little pumping over in order to keep the "cap" wet. Ageing in stainless steel vats.

TASTING NOTES

Deep ruby in colour with bright aromas of red berries and plum.

Juicy flavours of cherry, spice and crushed herbs develop into a rhubarb aftertaste.
